

Emo Side Project, You're The Best I'll Ever Have

there was a boy
he loved her more than anything in the world
she looks at him with her pretty eyes
how could he even resist a smile?
well I guess he couldn't

and I count the days
and I count the hours
and tonight i'll be right here
and I do remember
yes I do remember
how it feels to be in love
to be in love..

and the boy looks the girl deep in the eyes
with a huge grin on his face
he blinks once and says,
"honey, you are the best thing that i'll ever have"
