

Empires, Believe!

She's gonna fall from me
And the wind will catch her
Just take a look and see
While the ground's below her
I've seen many change today

Don't you wanna believe the leaves?
Don't you wanna believe the leaves?

Nobody knows my tears
They hide in the weather
Oh, but it's so unfair
Stand haplessly here
Watch them fall away, away
Watch them fall away, away

Don't you wanna believe the leaves?
Don't you wanna believe the leaves?
Don't you wanna believe the leaves?
Don't you wanna believe the leaves?
Don't you wanna believe?
Don't you wanna believe?
