

Empires, Don't Let It Fool You

Once you're here
Time begins to creep on us
Every night, everywhere it comes in

Don't let it fool you
Don't let it fool you

Once you're here
Time will begin to creep on us
Every night, everywhere it comes in

Don't let it fool you
Don't let it fool you
Don't let it fool you
Don't let it fool you
Don't let it fool you
Don't let it fool you
Don't let it fool you
