

End Of Green, I Don't

Can you believe in ...the time we had....
did you ever know what i have felt..
we talk about us but i dont care, i climb inside me..
i'm forever free...
i dont know where i go ...i go away
Have you ever believed in my own words...
you forever dying, inside my mind..
you have to leave me...be forever dead
I dont know where i go i go away

I go away.....
