

# End Of Green, So Many Voices

Where are you, no view, no sign.  
I lied alone in my bed.  
Where are you.  
Where you tonight.  
I lie awake in my bed tonight.  
Escape from here.  
This is not the fear I fear.  
This is your voice and your sweet choice.  
Come back now with me.  
Come back now with me.  
So many voices, I can hear them in the night.
