

# Endanger, A Story Of

## Strophe 1

They try to keep you small - afraid of loosing their control  
(you cant be, no you cant be)  
But your will is getting strong - inside you feel the overcome  
(you can be, yes you can be if you...)

## Strophe 2

They watch the moves you make - waiting for your big mistake  
(you cant be, no you cant be)  
but there is no turning back - once you ever made this step  
(you can be, yes you can be if you...)

## Vocoder

Dont let them tell you lies  
please open up your eyes  
dont let them tell you  
all that they want to

## Ref.:

If you open your eyes  
you will realise  
they told you only lies  
and all that they desire
