

# Endanger, Silkskin

s passion starts  
forgotten hearts  
return to light  
through peaceful moments  
theyre getting strong  
theres no more pain - no more pain

Ref.:  
Silkskin, Im loosing my sleep  
Silkskin, I cannot live without you  
Silkskin, Im loosing my sleep  
Silkskin, I cannot ignore you

When passion dies  
love gets paralysed  
the haze grows thick  
misery  
affixed to me  
the moment will come for you  
to burn in hell

Ref.:  
It all ends where it begins  
dust to dust  
its time to cleanse the world  
Silkskin,
