

# Endless Struggle, No Feelings

When all the lights are on and no where left to go  
when all the life is lost and people just don't know  
with all the energy gone and the feelings lost away  
what is the next advance lost till another day

(chorus:)  
no more feelings  
i'll just waste away  
i'm going to live  
my life for another day

with all the hate i feel  
sometimes i want to die  
and when i turn to someone close  
all they tell me are fucking lies

(chorus:)  
no more feelings  
i'll just waste away  
i'm going to live  
my life for another day

and when I look to see the things,  
the things I cannot know  
and now the path has cleared  
and i have a place to go  
when all the dust has cleared  
and all is said and done  
I'll have no more left to resent  
lost to any one
