

Endo, In Time Will Fall

Inside an empty hole
Where we're both suffocating
Talking to myself
And find that I'm not listening
Screaming
Crying
There's someone in my body
Screaming
Aahh

I see it all
In time will fall
I hear it all
In time will fall
I feel it all
In time will fall

I'm falling over
I'm falling over you
I'm falling over
I'm falling over

Inside
An empty hole
Where we're both suffocating
Talking to myself
and find that
I'm not listening
Screaming
Crying

I see it all
In time will fall
I hear it all
In time will fall
I feel it all
In time will fall

I see it all
In time will fall (repeat)
Suffocating (repeat)

I see it all
In time will fall
I hear it all
In time will fall
I feel it all
In time will fall

I see it all
In time we'll fall
