

# Enemy You, Video To Radio

It get's me going, keeps me moving on  
Hooked on my system, I'm playing on and on  
The say I'm crazy, I'm always on my own  
Hi-fi's around me, high-tech just turns me on  
From my video to my radio

It gets me rockin', keeps me moving on  
It's always there for me when I'm about to blow  
The only thing I need, the only way to go  
From my video to my radio
