

Engine Down, Castalia

What's so same, what's so sane
Open lane, point the blame-one
One to one as the way
Connection wills to be rebuilt
It pulls you in just to slip again
Reside in the comfort of this
Never to remove, I stay as today
In that set of songs #10 play again
Repeat instruction, relay,
Formula as made
Ride out the tracks
Ride down the tracks
This distance from you to me
And this thin line just won't reach
Try this time
(Cling to my line)
