

# Engine Down, Castalia

What's so same, what's so sane  
Open lane, point the blame-one  
One to one as the way  
Connection wills to be rebuilt  
It pulls you in just to slip again  
Reside in the comfort of this  
Never to remove, I stay as today  
In that set of songs #10 play again  
Repeat instruction, relay,  
Formula as made  
Ride out the tracks  
Ride down the tracks  
This distance from you to me  
And this thin line just won't reach  
Try this time  
(Cling to my line)
