

# English Dogs, Carol

She rises like an early bird  
Then runs around. It's so absurd  
No-one knows what goes on  
In her mind, "The Land of Far Beyond"  
What goes on, so far beyond

[Chorus:]

Carol oh Carol  
What do you see  
Through your eyes of obscurity  
Your tortured mind won't let you free

Carol oh Carol

Please tell me

A giggle, a smile and off she goes  
Like the wind, away she blows  
A cafe or a pub she'll be there  
A glass of water and that empty stare  
She'll be there, an empty stare

[Chorus]

Carol oh Carol

Nobody knows what she's really like  
The mindless spinster on her bike  
But don't dismiss her as a lunatic  
It could be one almighty trick  
A lunatic, almighty trick
