

English Dogs, Carol

She rises like an early bird
Then runs around. It's so absurd
No-one knows what goes on
In her mind, "The Land of Far Beyond"
What goes on, so far beyond

[Chorus:]

Carol oh Carol
What do you see
Through your eyes of obscurity
Your tortured mind won't let you free

Carol oh Carol

Please tell me
A giggle, a smile and off she goes
Like the wind, away she blows
A cafe or a pub she'll be there
A glass of water and that empty stare
She'll be there, an empty stare

[Chorus]

Carol oh Carol
Nobody knows what she's really like
The mindless spinster on her bike
But don't dismiss her as a lunatic
It could be one almighty trick
A lunatic, almighty trick
