

Enigma, Seven Lives

(Chill, chill, chill)

[human beatbox rapping]

Traces; many faces
Lost in the race of time
Blinded by the darkness
That's the start of seven lives

It's too close, but still too far
Follow your inner guide
Show us who you are
In these seven lives

(Take it easy... take it easy... take it easy...)

Follow your inner guide
Show me who you are
In these seven lives

It's too close, but still so far
Show me who you are, in these seven lives
Close, but still so far
Show me who you are, in these seven lives
