

# Enigma, Turned Around (Northern Lights Club Mi

Good evening.  
This is the voice, of Enigma.  
Feel your body,  
Start to move slowly.  
Let the rhythm, be your guiding light.

Let the rhythm, be your guiding light.

Turn, turn, turn around.  
Turn, turn, turn around.  
Turn, turn, turn around.

Feel your body,  
Start to move slowly.  
Start to move slowly,  
Very slowly.

The screen behind the mirror.  
The voice, & the snake.  
Principles of lust,  
The eyes of truth.  
T.N.T. for the brain.

Turn around and i will show you something.  
Turn around and you will see.  
Life is a roundabout,  
A kind of LSD.  
Turn around have faith in all the changes.  
Turn around and you will feel.  
No age of loneliness,  
You are a part of me.

Turn around and i will show you something.  
Turn around and you will see.  
Life is a roundabout,  
A kind of LSD.  
Turn around have faith in all the changes.  
Turn around and you will feel.  
No age of loneliness,  
You are a part of me.

Let the rhythm, be your guiding light.  
Let the rhythm, be your guiding light.  
Let the rhythm, be your guiding light.  
Let the rhythm, be your guiding light,  
Be your guiding light.
