

Enrico Garzilli, Don't Turn Away

Abelard

I've seen the troubled look within your eyes
I've heard the worried sighs behind the smiles
We knew the risks right from the start
What could we do but choose the heart?
Don't turn away from me sadly
Don't let me hear your good-bye
Don't turn away from me sadly
Let's show them how we can fly

Hlose

Their jealousy is sad and all too clear
Why should we let them interfere?
They call us dreamers ever fools
But they are trapped within their rules
Don't turn away from me sadly
Don't let me hear your good-bye
Don't turn away from me sadly
Let's show them how we can fly

Abelard

Don't turn away from me
Don't turn away
Both
Our love will outshine
The light of the day

Hlose

This fire inside can never, never lie
A thousand oceans cannot make it die
Our love will last beyond the years
Our passions sweep away the fears

Both

Don't turn away from me sadly
Don't let me hear your good-bye
Don't turn away from me sadly
Let's show them how we can fly

Abelard

Don't turn away from me

Hlose

Let's show them

Abelard

Don't turn away from me

Hlose

Let's show them

Abelard

Don't turn away from me

Hlose

Let's show them

Both

Don't turn away from me

Don't turn away from me

Don't turn away from me

Now
