

# Enrique Iglesias feat. Nicole Scherzinger, Heartbeats

I saw you talking on the phone  
I know that you are not alone  
But you steal my heart away  
Yeah you steal my heart away

You're acting like you're on your own  
But I saw you standing with a girl  
Stop tryin' to steal my heart away,  
Stop tryin' to steal my heart away

I don't know where we going  
I don't know who we are

I can feel your heartbeat / x2  
He said to me  
I can feel your heartbeat  
Running through me  
Feel your heartbeat  
She said  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
Running through me  
Heartbeat  
Feel your heartbeat

Maybe it's the way you move  
You got me dreaming like a fool  
That I can steal your heart away  
I can steal your heart away

No matter what it is you think  
I'm not the kind of girl you think  
And give my heart away  
Stop tryin' steal my heart away

I don't know where we going  
I don't know who we are

I can feel your heartbeat  
He said to me  
I can feel your heartbeat  
He said to me  
I can feel your heartbeat  
Running through me  
Heartbeat  
Feel your heartbeat  
She said  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
Running through me

Stop stealing my heart away / x3  
You're stealing my heart away

I don't know where we going  
I don't know who we are

Feels like we are flowing  
High above the stars, the stars, the stars, the stars

I can feel your heartbeat  
He said to me  
I can feel your heartbeat  
He said to me  
I can feel your heartbeat  
Running through me  
I can feel your heartbeat  
She said  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
She said to me  
I can feel your heartbeat  
Running through me  
Heartbeat  
Feel your heartbeat

Stop stealing my heart away  
Talk to me girl  
Stop stealing my heart away  
Give it to me boy  
Stop stealing my heart away  
Say it to me girl  
You're stealing my heart away

Stop stealing my heart away /x3  
Your heartbeat.
