

# Enrique Iglesias, Roamer

(roamer, roamer)

Hello, i'm coming at your town again  
How's about a night, how's about a flight supernova  
I know, i've been kinda hot and cold  
But you never go away, no matter what i say,  
In the mornings

[Chorus]

My need is running low  
I've been moving everywhere  
Spreading out my wings, trying everything  
But that's over, cos when i'm on my own  
Waking up with someone new  
And now i feel the same, i'm mixing up their name  
It's like a roamer

Goodbye, i'm going on the road again  
But i'm bringing you along,  
In each and every song that we cover  
And i, i always wanna see your face  
Cos looking in your eyes, is where i see my life  
When i'm older

[Repeat chorus]

Like a roamer, like a roamer

Mississippi, tennessee  
California, Mexico, like a roamer  
Russia, san francisco bay, to the uk,  
Round the world in 80 days  
Like a roamer

When i go away, don't wanna go away  
Don't wanna go away, don't wanna go away  
Don't wanna go away, don't wanna go away

[Repeat chorus x2]

Mississippi, tennessee  
California, Mexico, like a roamer  
Russia, san francisco bay, Berlin to the uk,  
Round the world in 80 days  
Like a roamer
