

# Enter Shikari, Mothership

Go tell all your friends that this is the end  
Go tell all your friends that this is the end  
Go tell all your friends that this is the end  
This is the end

I don't understand a word you're saying  
what are the clouds running from?  
There's something in the air tonight  
Something is wrong, spit it out!

I just fell from that Mothership  
They said that  
Your answers, they're always lying on the ocean bed  
Your answers, they're always lying on the ocean bed

There's something in the air  
There's something in the air  
In the air, in the air  
Tonight, I'm wide awake, I'm wide awake  
In the air, in the air  
Tonight, I'm wide awake, I'm wide awake

And I'll scream with a thousand voices...  
I am sane  
I am sane  
My soul felt so safe up there  
No self-centred natives destroying our earth

I just fell from that Mothership  
They said that  
Your answers, they're always lying on the ocean bed  
Your answers (your answers, your answers) they're always lying on the ocean bed

Walk the plank, walk the plank, walk the plank  
Walk the plank, walk the plank, walk the plank  
Walk the plank  
Your answers they're always lying on the ocean bed  
Your answers they're always lying on the ocean bed  
Your answers they're always lying on the ocean bed  
Your answers they're always lying on the ocean bed
