

Entombed, Chief Rebel Angel

Down here on the ground
since it all began.
Experiment in moral and behavior.
In spite of all imperfection,
I'm a fan of man.
The worm is my rose too.

Many my name
but one and the same
chaos, being
and the everlasting flame

Phosphoros,
Lucifer
Stand up!
In praise of the morning star!
Phosphoros,
Lucifer
Say it!
Chief rebel angel!
Phosphoros,
Lucifer
Stand up!
In praise of the morning star!

Don't get too cocky,
keep yourself small.
Don't ever let them see you coming.
Look at me,
underestimated from day one.
You never see me coming,
I'm a surprise.

Solid my game,
we're one and the same.
The chaos, the being,
and the everlasting flame!

Phosphoros,
Lucifer
Stand up!
In praise of the morning star!
Phosphoros,
Lucifer
Say it!
Chief rebel angel!
Phosphoros,
Lucifer
Stand up!
In praise of the morning star!

Watching, waiting
Holding my breath,
but I'm no puppeteer

The stage is set,
you pull your own strings now.
Like butterfly wings,
once they're touched,
they never leave the ground.
No, I don't make things happen here!

Phosphoros,
Lucifer

Stand up!
In praise of the morning star!
Phosphoros,
Lucifer
Say it!
Chief rebel angel!
Phosphoros,
Lucifer
Stand up!
In praise of the morning star!

Phosphoros,
Lucifer
Say my name!
Phosphoros,
Lucifer
Say my name!
Phosphoros,
Lucifer
Say my name!
