

# Entombed, Contempt

Before my eyes - lies  
nothing but lies  
I cannot believe the scenes  
taking place beneath our skies

It makes me wanna do my time  
in a song or on the silver-screen  
humanity is the biggest cancer  
ever to be seen

Before my eyes - lies  
civilisation  
ancient and wicked  
destruction in creation

No matter how low you are  
there's always someone to look down upon  
and it goes  
on and on

Emotionless - obscene  
but a human life don't mean  
anything to me  
it's merely a seed of insanity
