

# Entombed, Damn Deal Done

He's a man, gonna do what he can to make this world a decent place  
He's a man, got a great little plan on how to give it a brand new face  
He wants to erase  
He wants to replace  
He wants to wipe the scum of the earth off its pretty face

Didn't wanna be just another voice with an answer  
he'd seen it done before and turn into a cancer  
but he was a chancer  
way romancer  
He had such great plans  
He had such great plans  
to get the damn deal done
