

# Entombed, Flexing Muscles

Flexing muscles  
All pumped up  
I'm showing off  
Testosterone

Male masculine icon  
Athletic godlike clone

Oiled skin shinning  
I enjoy what I see  
Greek god superman  
Full of testosterone

Male masculine icon  
Athletic godlike clone

My system is full of steroids  
I don't care if it fucks with my head  
Growing harder as I watch myself  
Jerking off while flexing

My body is perfect and pure strength  
Blood pumping hard in my veins  
How easy it could be  
To smash your head in with a single blow

I'm gods gift to women  
The ideal man  
I'm building perfection  
You envy the way I am
