

Entwine, Losing The Ground

You used my heart
So, you killed me again
Because of you I'm crawling back to start
Wicked as you are
I think you could do it again
Don't you know you hurt me with your lies
Don't hurt me with your lies

I thought that you could be
The one for me
The shining star in the sky
And the lunar light
The burden of your lies
It descends on me
Now I waste my time without your love
I can't help it anymore

These tears they keep on falling down on me
These tears they won't be gone with autumn leaves

How can I fly when I fall
I'm losing my ground because of you
