

# Entwine, Tonight

You said it all  
When you didn't say a word  
Loving thoughts  
You think I tried to hurt  
So complete  
Is how we used to be  
Can't you see  
That all we need is time...  
To know the reason why

Just hold me now  
Tonight  
Oh, my love  
It's raining out  
Tonight  
Oh, my love

When the rain is gone  
I look deep into your eyes  
We make love  
And all we have is time  
I know we'll make it right

So hold me now  
Tonight  
Oh, my love  
It's raining out  
Tonight  
Oh, my love  
Just hold me by your side  
Oh, my love  
It's raining out  
Tonight  
Oh, my love  
It's raining deep inside

Tonight  
Oh, my love  
It's raining out  
Tonight  
Oh, my love  
Cause we can make it right  
Oh, my love  
It's raining out tonight  
Oh, my love  
It hurts deep inside
