

Enuff Z'Nuff, Time To Let You Go

You've lost that feelin' in your kiss
I'm only holdin' up the show
My god your face i'm gonna miss
But I see it's time to let you go

You don't dig lovin' me no more
We used to make it long and slow
I've cried so long my eyes are sore
I see it's time to let you go

It aint no good if it don't feel good, real good
It still felt good to me-ee
If you feel you should
It's understood
Go where you should be

Take everything that smells like you
Leave no reminders left to show
That at one time that we were two
And now it's time to let you go

It aint no good if it don't feel good, real good
It still felt good to me-ee
If you feel you should
It's understood
Go where you should be

Take everything that smells like you
Leave no reminders left to show
That at one time that we were two
And now it's time to let you go

That at one time that we were two
But now it's time to let you go

That at one time that we were two
But now it's time to let you go
