

Enya, Echoes in rain

Wait for the sun
Watching the sky
Black as a crow
Night passes by
Taking the stars
So far away
Everything flows
Here comes another new day

Into the wind
I throw the night
Silver and gold
Turn into light
I'm on a road
I know the way
Everything flows
Here comes another new day

2x
Alleluia
Alle-alle
Alleluia
Alleluia
Alleluia

Echoes in rain
Drifting in waves
Long journey home
Never too late
Black as a crow
Night comes again
Everything flows
Here comes another new day

2x
Alleluia
Alle-alle
Alleluia
Alleluia
Alleluia

4x
Alleluia
Alle-alle
Alleluia
Alleluia
Alleluia
