

Enya, Long Long Journey

City lights shine on the harbour,
Night has fallen down,
Through the darkness
And the shadow
I will still go on.

Long, long journey
Through the darkness,
Long, long way to go;
But what are miles
Across the ocean
To the heart that's coming home?

Where the road
Runs through the valley,
Where the river flows,
I will follow every highway
To the place I know.

Long, long journey
Through the darkness,
Long, long way to go;
But what are miles
Across the ocean
To the heart that's coming home?

Long, long journey
Out of nowhere,
Long, long way to go;
But what are sighs
And what is sadness
To the heart that's coming home?

[Repeat]
