

Eowyn, You Saw Me

Verse 1: Through every step through every heart felt plea
You witnessed every single part of me
No where to hide no room for secrecy
You captured what I longed to see
You saw me

Chorus: You saw me like I never did
You loved me no matter what I said
You always saw the best in me.
You saw me?right through me

Verse 2: The sun is setting on this tragedy
The warmth of you is all I'll ever need
You took the shattered life I tried to lead
And helped me find stability
You saw me.

Bridge: You found me, you loved me, You saw me.
