

Epica, Fools Of Damnation "The Embrace That S

Go for it,
Bow to the supremacy
Go for it at last

You do believe, so I can say
that you are owned by me

Go for it,
Bow to the supremacy
Go for it at last

You do believe, so let us pray
For all those fools that be

Fool
Dance with me again
I am your destiny
Mark my words, don't you ever disagree

Fool,
Kneel for me again
I am you agony
Walk my way, I will never set you free

Kneel for me unknowing fool
Bow to the supremacy
Kneel voor me unworthy pig
Die for the divinity

Go for it,
Bow to the supremacy
Go for it at last

You do believe, so you display
All that we want to see

Fool,
Kneel for me again
I am you agony
Walk my way, I will never set you free

Go for it
Just do it
Walk my way just to serve me

Go for it
Just do It
Kneel for me and obey me
"

A humble genuflection before the onrushing ascendancy
Not able to turn back, anymore
"

Bow to me,
Bow to the supremacy

Kneel for me
Die for the divinity

Bow to me
Go for it
Just do it
Bow to the supremacy

Kneel for me

Go for it
Just do it
Die for the divinity

Believing is the cure
Religion is like opium
You'd better feed them all
Before they start eating you

Et fictum fit factum

Ne timeas obscurum
Id autem congnoſcas

Ne timeas obscurum
Primum id cognoſce
Deinde iudica
Post iudicandum demum age

Fool
Dance with me again
I am your destiny
Mark my words, don't you ever disagree

Fool
Kneel for me again
I am your agony
Walk my way, I will never set you free

Fool
Dance with me again
I am your destiny
Mark my words, don't you ever disagree

Fool,
Kneel for me again
I am your agony
Walk my way, I will never set you free

Got for it!
Just do it!
Got for it!
Just do it!
Got for it!
Just do it!
Got for it!
Just do it!
