Epica, Universal Death Squad

We embrace Judgement day We embrace New inventions Find your grace In defeat We embrace New intentions Forced on us By decree

We are the ones to change the world now Still in control of all machinery We claim the right to pull the trigger And damage your image of honor

Inventing, improving, creating Existence embrace the technological remedy

Robotic legions stand in line to carry out
The retribution and effects of this advanced technology
All new inventions have to pay
They have to fight their way to judgement day

Technological tragedy is near

We are the ones that rule the world now You are entrapped by blind inanity There is no way that you'll revoke your decision Now look for distraction

Inventing, improving, creating Existence embrace the technological elegy

Robotic legions stand in line to carry out
The retribution and effects of this advanced technology
All new inventions have to pay
They have to fight their way to judgement day

Technological force

We are the enhanced Natural leaders Turning righteous man Into deceivers

Schemes of the mind Absence of soul Symbol of the triumph Over human race Cold-blooded kind Minds are controlled Doomsday has arrived There is no escape

I am forever the snake devouring it's tail In search of eternity

We embrace New inventions Find your grace In defeat We embrace New intentions No one stands In our way

Inventing, improving, creating Existence embrace the technological misery

Robotic legions stand in line to carry out
The retribution and effects of this advanced technology
All new inventions have to pay
They have to fight their way to judgement day

Technological times shall flourish

Fight your (We are the leaders) Way out (Never displease us) Show no remorse
