Take a swig of it - yeah drink it like a forty-oh  
No champagne glasses, that's out the window  
Push up and get my swerve on, take me there baby  
Aww shit, pmd's gone  
(where you goin p? ) deeper and deeper  
My mind's gettin stronger, she got me in the sleeper  
Almost there, relax, just like I figured  
Strapped down, still on the lookout for the gold digger  
Blazin figure, sexin like holly

Hoes blunts and puff the ganja like bob marley  
She's hardcore, ride it like an outlaw  
Workin it, pullin with the lockjaw

I'm in the war zone - far away from home, no microphone  
Just biters and tombstones on the real holmes  
It's do or die, no fly guy, don't ask why  
Rap is outta control, don't bungee jump or hangglide  
Time to slip (slide) so save the lie  
Hit squad won't die, them niggaz multiply  
On the scene blowin up, sho' nuff  
Wild haircut, what? don't give a f\*\*k  
This is me, peace to epmd  
Took a break in nine-three now I'm back see
