

# EPMD, For My People

Hereeeeeee we go....

[Verse One: Erick Sermon]

The E-R-I-C-K S-E-R-M-O-N  
I'm dark skinned, pack a mac 10  
More menace and I'll wreck the whole damn set  
Smash (yes) you ain't seen \*shit\* yet  
Yes, a fact, a black nine mil is what I pack  
In the front of my waist, right next to my bozack  
A safety, for the suckers that hate me  
I haven't had to bust a couple of rounds lately  
I hope not, it's no fun getting shot  
Cause when I cock, I aim straight for the knot  
I don't miss, I have a scope, no jokin  
You should hope, that disco appearance like broke  
Mass destruction when I start crushin and bustin  
Duck MC's, I'm bumrushin  
Swift wit the trig, there's nuff foes equipped  
Real deal, of course, I pack steel, shit's thick  
I'm not dumb, to walk the streets, they kept us swinging by  
A punk chump wit spunk, who dares to jump  
By the hour, I push power like Hiroshima  
Got dropped on by USA and like cleaned her  
I manage to damage people without a sequel  
This is for my people

[Verse Two: PMD]

Check out the main attraction, black man in action  
Number one crowd mover, I break backs in  
Boy, you shoulda known what EPMD stands for  
Sucker snappin necks, bustin caps, and breakin jaws  
It's Erick and Parrish Making Dollars  
Excel, living well, taking no shorts and why bother  
to whine while I dine, sounds genuine  
You walked in wrong camp, punk, stepped on a landmine  
Boom bang, bust the slang that I bring  
From Brentwood, Long Island, all the way to Sing-Sing  
Yes the penile, peace to brothers on trial  
For some \*bullshit\* charge, mugshot on file  
For hard time, thump beats like an Alpine  
No Sam Suey sole shoe shoot joints, back a tech nine  
Yes the brother's back wit no knife or ax  
Just a microphone, sucker, it limits that pack  
Def blows and flows, quadraverbs and echoes  
Sounds the pound hard to make an MC petrol  
My nine mil, kitted wit the infrared beam  
Something similar to a Roger Moore scene  
That's James Bond, 007, wit guillotine  
To keep the Hit Squad hype to fly heads like the A-Team  
Don't bug or miss, bug on the sequel  
For this shit I kick, it's strictly for my people

[PMD gives shoutouts]
