

Epoxies, Molded Plastic

I'm made from molded plastic
My circuits are hardwired
I'm solid state
So I never get tired

Yeah
Something's going on
If you think you are strong
I'll show you just how wrong you are

My eyes are blue electric
My skin is nylon smooth
I tell I don't want to
You do what I want you to

Yeah
Something's going on
If you think you are strong
I'll show you just how wrong you are

I'm all that you desire
I know just who you are
I am your weakness
I only get so far

Yeah
Something's going on
If you think you are strong
I'll show you just how wrong you are

I'm made from molded plastic
