

# Erasure, Don't Dance (Daniel Miller/Flood Mix)

Anything you want  
Everything you need  
Every time you take what's on offer  
You can step on out  
You can do without  
You don't have to be like every other

Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it  
Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it

Always stay in line  
Fool you every time  
Wonder why it ends up in sorrow  
You don't have to go  
All you say is no  
There's no rhythm that you have to follow

Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it  
Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it

Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it  
Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it

Everywhere you go  
Everything you do  
Got to make the best just that bit better  
You can step on out  
You can do without  
You don't have to be like every other

Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it  
Don't dance to the rhythm  
Do something about it  
Don't dance to the rhythm  
You can do without it
