

Erasure, Don't Dance (Daniel Miller/Flood Mix)

Anything you want
Everything you need
Every time you take what's on offer
You can step on out
You can do without
You don't have to be like every other

Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it
Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it

Always stay in line
Fool you every time
Wonder why it ends up in sorrow
You don't have to go
All you say is no
There's no rhythm that you have to follow

Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it
Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it

Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it
Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it

Everywhere you go
Everything you do
Got to make the best just that bit better
You can step on out
You can do without
You don't have to be like every other

Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it
Don't dance to the rhythm
Do something about it
Don't dance to the rhythm
You can do without it
