

# Erasure, Over The Rainbow

"Am naechsten Ton ist es zweiundzwanzig Uhr  
fuenfzig Minuten  
und dreissig Sekunden";

Somewhere over the rainbow  
There is a light that shines  
Like saying prayers on a Sunday  
Makes me feel so divine

I never knew such a burning love before  
Ooh, you stop and and you hear me crying out for more

The boys are back in town  
They'll never let you down  
That much is true  
(Ca me fait grand plaisir)  
(Peux-tu raccoucher a cote de moi)

We'll spend the summer in Oslo  
Land of the midnight sun  
By the time that it's over  
We will have just begun

Oh how I love you lying by the pool  
Ooh, we listen to Agneta, Anifrid, Benny and Bjorn

The boys are back in town  
They'll never let you down  
That much is true  
(Ca me fait grand plaisir)  
(Peux-tu raccoucher a cote de moi)

I never knew such a burning love before  
Ooh, you stop and and you leave me crying out for more

The boys are back in town  
They'll never let you down  
That much is true  
(Ca me fait grand plaisir)  
(Peux-tu raccoucher a cote de moi)

The boys are back in town  
They'll never let you down  
That much is true  
(Ca me fait grand plaisir)  
(Peux-tu raccoucher a cote de moi)

The boys are back in town  
They'll never let you down  
That much is true  
(Ca me fait grand plaisir)  
(Peux-tu raccoucher a cote de moi)
