

Erasure, You Surround Me

Don't ever let me take you for granted
You've got your finger on the pulse of my soul
Let me place a kiss in the small of your back
Love and protect you from the evils of this world

Oh baby don't ever leave me stranded
Whoever said that the streets were paved with gold
Well I'm afraid that we're all sadly mistaken
There's nothing here 'til you have someone to hold

Bridge:

I love you with all the joy of living
'Til the lights go down in New York City
It's a special love affair
And there's magic in the air

Chorus:

You gotta shake me down
Bring me 'round to my senses
'Til I'm lost and found
And surround me with your senses

If love wasn't here would we reinvent it?
Oh take me down to the very root of my soul
Oh baby say it as if you really mean it
And feel the passion work it's way up through your skin

Bridge

Chorus

Let me take you by the hand
And we can go and find a brand new world
Starlight - starbright

Let me take you by the hand
And lead you to a safe place in this world
