

# Eric Benet, Let's Stay Together

I never felt the wind so cold  
Until I had to walk alone (without  
you girl)  
I never knew what it was to be a man  
Well let me show you baby  
'Cause I understand

I never thought it'd hurt so bad  
You never know 'til you lose what you  
had  
I don't need to waste my time runnin'  
around all over town  
Now I know where to find true lovin'

And I knew the first time that I ever  
seen you

## CHORUS

Let's stay together girl it would be  
so nice  
If we just hold on and stay together  
Everything will be alright... (we'll  
be alright)

Tell me why it feels so strong (tell me  
babay, tell me baby)  
the years roll by, but s'til this heart  
you own  
I never felt a love so completely  
Don't you know we're riding on destiny

And I knew the first time I ever  
seen you

## CHORUS

Oooh girl you got me  
'Cause when I wake up  
You're the first thing on my mind

Tomorrow will be  
So let's leave the past behind  
just let me lead you  
To our happy ever after

And girl when we arrive  
Why don't we stay awhile
