

Eric Benet, Still With You

Heaven knows what you've been through
So much pain
Even though you can't see me
I'm not far away
We always say if one of us
Should've went away
We'd light a candle and say a prayer
Know that love still remains

CHO

Close your eyes go to sleep
Know my love is all around
Dream in peace when you wake
You will know I'm still with you

Live your life from this day on
And never gain
I know you'll do the same for me
That's the way that love is suppose to be

When you feel those lonely teardrops
Rolling down your face
Just know my love watches over you
Always, Always
