

# Eric Benet & Tamia, Spend My Life With You

(Eric Benet)

Ooh...ooh  
Umm...ooh  
La...la...la  
Ooh...yeah

(Eric Benet)

I never knew such a day could come  
And I never knew such a love could be inside of one  
And I never knew what my life was for  
But now that yo're here I know for sure

(Tamia)

I never knew til I looked in your eyes {oh baby}  
I was incomplete til the day you walked into my life {umm...hmm}  
And I never knew that my heart could feel so precious and pure  
One love so real, real

(Eric Benet)

Can i just see you every morning when (every morning, babe)  
I open my eyes  
Can i just feel your heart beating beside me every night (every day)  
Can we just feel this way together til the end of all time  
(Can I just spend my life) Can I just spend my life with you {umm...hmm}

(Eric Benet)

Now baby the days and the weeks and the years will roll by  
But nothing will change the love inside of you and i

(Tamia)

And baby I'll never find any words that could explain  
Just how much my heart, my life, my soul you've changed

(Tamia)

Can you run to these open arms when no one else understands  
Can we tell God and the whole world I'm your woman and you're my man  
Can you just feel how much i love you with one touch of my hand  
Can i just spend my life with you

(Eric Benet)

No touch has ever felt so wonderful (you are incredible)

(Tamia)

Not a deeper love I've ever known {never let you go}

(Eric Benet & Tamia)

I swear this love is true (now and forever to you, to you...oh...oh) (tone change)

(Eric Benet & Tamia)

Can I just see you every morning when I open my eyes  
Can I just feel your heart beating beside me every night  
Can we just feel this way together til the end of all time  
Can I just spend my life with you  
Can you run to these open arms when no one else understands  
Can we tell God and the whole world  
{You're my woman} and (you're my man)  
Can you just feel how much I love you with one touch of my hand  
Can I just spend my life with you

Can I just spend my life with you

Can I just spend my life with you (forever here with you)

Can I just spend my life with you

(Tamia) Can I just see you every morning when i open my eyes

(Eric Benet & Tamia) Oooh....oooh
