

# Eric Carmen, Come Back To My Love

(Bob Gaudio/Jerry Corbetta/John Bettis)

I hear you crying  
Through a long distance line  
Now you're finally saying  
It was good to be mine  
But you couldn't throw it  
'Cause you didn't know it

And now  
You want to come back  
Come back to my love  
You want to come back  
Come back to my love

Bring the guitar in  
When you know it's all you've got  
You finally need me  
Always did from the start  
But you couldn't show it  
'Cause you didn't know it

And now  
You want to come back  
Come back to my love  
You want to come back  
Come back to my love

So I say to you  
I can't live without it  
But I know it's true  
And I can't have love in my life  
Without you

So girl  
Why don't you come back  
Come back to my love  
Why don't you come back  
Come back to my love

Oh girl  
Why don't you come back  
Come back to my love  
You got to come back  
Come back to my love  
You got to come back  
Come back to my love
