## Eric Carmen, It Seemed So Easy

(david smalley/eric carmen)

Rememberin' our love, babe Rememberin' the good days The days when we both thought it would stay

Just thinkin' about you So warm there beside me I'd look in your eyes And then you'd say

Words of love to me
Of how it would always be
And how the cloudy days had all gone by
But now I'm wonderin', babe
If it was all a lie?
Because it seemed so easy
When you said goodbye

I'm tryin' to see, babe How it's gonna be It's useless, I know, Each day goes so slow

But I'll always try, babe Can't accept your goodbye I'd remember your voice So soft as you'd sigh

Words of love to me
Of how it would always be
And how the cloudy days had all gone by
But now I'm wonderin', babe
If it was all a lie?

Because it seemed so easy When you said goodbye

If I could stop Tell my heart not to love you I'd have no reason to go on

I'm tryin' to see, babe How it's gonna be It's useless, I know, Each day goes so slow

But I'll always try, babe Can't accept your goodbye I'd remember your voice So soft as you'd sigh

Words of love to me
Of how it would always be
And how the cloudy days had all gone by
But now I'm wonderin', babe
If it was all a lie?
Because it seemed so easy
When you said goodbye

Because it seemed so easy When you said goodbye

Because it seemed so easy When you said goodbye

Because it seemed so easy When you said goodbye
