

Eric Carmen, Last Dance

(wally bryson)

Won't you let me get to know you?
Given the time I could show you
How good it feels to be in love
Nice to have someone thinking of you
If I had the chance with you
I'd ask for the last dance with you
We'd dance away into the night

Know that you shouldn't be sharing
All of those nights with your mother
Staring at you staring at her
Thinking of places you wish you were
If I had the chance with you
I'd ask for the last dance with you

We'd dance away into the night

Couldn't you give me a chance for a while?
Given the time I know I could make you smile
And once you let me get to know you
And give me the time and I show you
How good it feels to be in love
At night you'll have someone thinking of you

If I had the chance with you
I'd ask for the last dance with you
We'd dance away into the night
When I get my chance with you
I'll make enough romance for two
We'll dance away into the night
