

# Eric Carmen, Nobody Knows

(eric carmen/david smalley)

When I see the way she looks at him  
Hurts so bad you know it's such a sin  
To see her love him, while I just walk on by

Nobody knows  
What it does to me  
(nobody knows)  
No one could ever see  
Nobody knows what it does to me

Now those smiles and looks upon her face  
Are meant for someone else whose in my place  
And he's her lover the way I used to be

Nobody knows  
What it does to me  
(nobody knows)  
No one could ever see  
Nobody knows what it does to me

I can see her dancing with someone else

Holding him so close while I'm by myself  
I just want to hit him but that won't do  
All I know is I've got to find some way  
I can get to you

When I see the way she holds his hand  
It burns inside me I can't understand  
How could she love him t  
The way she once loved me

But nobody knows  
What it does to me  
(nobody knows)  
No one could ever see  
Nobody knows what it does to me

But nobody knows  
What it does to me  
(nobody knows)  
No one could ever see  
Nobody knows what it does to me

Nobody knows
