

Eric Carmen, Someday

(Eric Carmen)

Someday
When I'm cool
She's gonna think about how
She used to treat me so cruel
On that someday
Man, she'll crawl back to me

Someday
When I'm gone
She's gonna see how it feels to be
All alone
On that someday
Man, she'll crawl back to me

So she said goodbye again
I'm just waitin' for the time to come
When she'll get down on her knees
Beggin', now darlin', please

I've been tryin' every trick I know
But she still walks in
Makes me feel so grim
Seein' her is gettin' harder every day

Someday
When I'm cool
She's gonna think about how
She used to treat me so cruel
On that someday
Man, she'll crawl back to me

Man, she'll crawl back to me
Man, she'll crawl back to me
Someday
Man, she'll crawl back to me
