

# Eric Carmen, The Way We Used To Be

(Eric Carmen)

We used to laugh  
We used to cry  
We used to talk about forever you and I  
And love was all we seemed to need  
I still recall sometimes  
The way we used to be

When did we change  
Where has love gone  
We can't explain it  
but we know there's something wrong  
And all that's left of you and me  
Is just a memory of  
The way we used to be

I can remember when  
We used to be the best of friends  
Now suddenly we don't know what to say  
If there's a chance that we  
Can bring the feeling back again  
I've got to try  
Why don't you stay

'Cause in my heart  
I think you know  
I tried to hide it but I just can't let you go  
It's not too late  
For you and me  
To be in love again  
The way we used to be

It's not too late  
For you and me  
To be in love again  
The way we used to be
