

# Eric Clapton, Mainline Florida

(George Terry)

My heart was leaping in the sun;  
My friends all say that you're the one.  
Let me get this one thing very clear:  
There ain't enough going on down here.

[Chorus:]  
Mainline Florida, oh say.  
Mainline Florida, O.K.

Her arms were open, open wide;  
Her invitation's a changing tide.  
I could remember not long ago  
We took a cruise down on Hotel Row.

[Chorus]

[Repeat Second Verse]

[Chorus]
