

Eric Dill, Kiss Goodbye

Take it all, in a night
Break us down, break my life
Holyness, that you were
Heavy words, end our time
But I won't confirmize
Cause we don't kiss goodbye
And we don't kiss goodbye
No
Careful love, how we die
Loyal girl, loyal guy
Now watch it burn away
Cause we don't kiss goodbye
And we don't kiss goodbye
Say I won't hear the song
Hear the words at heart
Hear the words at soul
No, we don't kiss goodbye
No
Shockers enter our world
And destroy us
And there's no room for us
And your touch
We go our own way (we go our own way)
Cause we don't kiss goodbye
And we don't kiss goodbye
Say I won't hear the song
Hear the words at heart
Hear the words at soul
Cause we don't kiss goodbye
No
Do we kiss goodbye?
